

LocBin™

Thank you for purchasing the patented LocBin™ hanging and interlocking/stacking bins from Triton Products. LocBin™ is the sturdiest and first hanging bin that will also lock together using a sliding channel system so you can interlock and then stack or hang bins together in multiple assemblies.

Your new LocBins™:

The first thing you will notice is that they are shipped nested together to save space during shipping. Pull/slide them apart and then stack and interlock using the top channel making them ready to stack on a flat surface or hang from the LocBin™ wall rail part #5-600. Like all hanging bins they also will hang on a louvered panel.

Peace of mind:

Enjoy the unique benefits of LocBin™ as there are no concerns that your bins will fall apart and topple when stacked. No more worries that bins will fall into each other and accidentally spill contents. A stack of the bins can be transported to your work area and set on any flat surface without concern that the bins will separate from one another, fall, or mix your items.

De-nesting LocBins™:

Pull top bin up and out.

Bins are tightly held together in the bottom sliding track. There is a stop at the front of each of the bins so they do not accidentally slide apart.

Interlocking LocBins™:

After de-nesting your bins, you can interlock them by inserting the bottom track of a bin into the top track of another. Bins will lock together. (pictured below)

Wall hanging with #5-600 Wall Hanger **(SOLD SEPARATELY)**

1) Level and install the 5-600 wall hanger. Ensure that the wall hanger is level and tightly secured to the wall so that LocBins™ will stay put .

2) Hang your LocBin™(s) on the 5-600 wall hanger by inserting the back lip of the bin to the top lip of the wall hanger. Enjoy your new LocBin™ wall hang system for years to come!

Use LocBin™ dividers for storing multiple items in a single bin.

- 3-210 LocBins use 4-210 dividers
- 3-220 LocBins use 4-220 dividers
- 3-235 LocBins use 4-235 dividers
- 3-240 LocBins use 4-240 dividers

5-600 Wall rails replace expensive louvered panels to create a bin storage area on a wall

Part Number	Load Capacity
3-210	12 lbs.
3-220	12 lbs.
3-235	55 lbs.
3-240	65 lbs.
5-600 Wall Hang Panel	50 lbs.
